

Get 20% more fuel.

With 12% less fuel.

**What problem can we solve for you?** When a coal mining company was barely scraping by, we developed a unique drum with greatly improved cutting performance that used less power. It helped our customer get more fuel while burning less. Our metallurgical engineers can find similarly innovative solutions to the problems you're facing, then deploy and support them globally. Find out more at [kennametal.com](http://kennametal.com).
